## *In the Upside-Down World*

### EPISODE #12

By Warren Litzman

I had been in South Africa speaking at a Bible Conference. It was a great and wonderful time. So many hungry hearts wanted to know more about the Christ who lives in them. During that period, there was no T.V. or newspapers available with news from America. Every once in a while, there was a mention of something going on in America, but nothing really important. After a few days without any American news, I relaxed and enjoyed being there.

South Africa has been upside-down longer than we in America. It still has a very big racial problem; it has money problems, and it has religious problems. Actually, there is no way South Africa or America can solve any of these kinds of problems. Both countries have lost the key to what guides and makes any country continue in peace. The key is simple; the Scriptures say, *"Righteousness exalteth a nation, but sin is a reproach to any people"* (Prov. 14:34). These words perfectly fit America.

Modern sinners say the Bible is old-fashioned, out of date, and cannot be applied to today's problems. In fact, the world has never applied God's Word. Nevertheless, it is especially comforting to know there is an answer to today's problems. It is exciting to know there is one who is smarter than those in power today, and those who trust Him will never be without an answer.

Is there any answer? There sure is! All those who are born again will be raptured, taken out of this world, to go live in the heavenly Father's house. I trust you are one of them. In His kingdom, His world is not upside-down.
