

Walter Loucks has gone Home!

Word came to us that Walter Loucks went to be with the Lord on February 14th. He died from complications of hepatitis. He had a hernia operation and his liver couldn't take all the medication, anesthesia, etc.

Walter was in the Cleveland, Ohio Fellowship for years until he relocated to Florida. He was dearly loved by all who knew him. Walter was one of our photographers at all of our main meetings. Walter is in Heaven having great fellowship with Jim Seward and Claude Prather from the Cleveland Fellowship -- as well as so many others who have gone on before.
